Chef Kansas City is a new Kansas City based catering company. Allow us to be your culinary concierge: helping you with your food programs to maximize mealtimes at your office.

We increase in-office time by eliminating your employees' endless search and unnecessary travel for the perfect meal.

Alongside that, through our scratch-made creations incorporating the best, organic ingredients, we make everyone happy: from employer to employee.

Skilled chefs and our nutrition team thoughtfully plan every menu around meals that keep your company feeling nourished and working at their highest potential. Our job is not to give you endless options, but to provide you with menu solutions that make your company a great place to work.

Ultimately, this will allow your team to focus on more important things while we take care of the food.

# Top Rated, Fresh Chef-driven Meals

Our catered meal options (for not-so corporate taste buds) brings the best food in KC directly to your office. Whether your company is 50 or 1500 people, you deserve quality food with convenience in mind.
